## Tri-Tech 3D Partner with ADDiTEC to Expand UK Advanced Additive Manufacturing Solutions Offering

Tri-Tech 3D announce a brand new partnership with ADDiTEC, a renowned provider of advanced additive manufacturing solutions, at FORMNEXT 2024, one of the world's leading additive manufacturing trade shows.

As the UK's leading distributor of Stratasys, One Click Metal, imes-icore, UltiMaker & XJet 3D printing systems, Tri-Tech 3D is expanding its product offerings with ADDiTEC's groundbreaking metal additive manufacturing technologies, reinforcing their commitment to providing high-performance and precise additive manufacturing solutions for clients in a variety of different industries, including Automotive, Aerospace, Defence, Manufacturing and much more.

As UK Sales Partners, Tri-Tech 3D will introduce ADDiTEC's advanced product range to the UK market, including the turn-key LDED AMDroid robot cell and the pioneering Hybrid system, which combines Liquid Metal Jetting (LMJ) and Laser Directed Energy Deposition (LDED) technologies. This addition will enable Tri-Tech 3D to meet the increasing demand for sophisticated, efficient 3D printing solutions, further strengthening its position as a market leader.

# Press Release

In addition to their strong alignment with ADDiTEC, Tri-Tech 3D's expertise in 3D printing and additive manufacturing is further enhanced by their connection with sister company [Cadspec Limited](#). With extensive knowledge in both CAD & CAM software solutions from their team of industry professionals, Cadspec understand the factory environment and can advise manufacturers on Industry 4.0 technologies & solutions, including insights on additive, hybrid & CNC machining advancements.

"This partnership with Tri-Tech 3D signifies our commitment to establishing a strong presence in the UK," stated Brian Matthews, CEO of ADDiTEC. "Returning to my roots and contributing to the UK industry is a matter of personal pride. Together with Tri-Tech 3D, we are well-positioned to drive innovation and deliver exceptional value to our customers."

Tri-Tech 3D's expertise and dedication to customer satisfaction make them an ideal partner for ADDiTEC. Providing a comprehensive service from advice on initial specification, to on-site installation, staff training, and on-going product support. This collaboration is expected to accelerate the adoption of advanced additive manufacturing technologies in the UK, benefiting industries across the region.

## About Tri-Tech 3D:

Tri-Tech 3D is a premier provider of 3D printing and additive manufacturing solutions in the UK.

Known for its engineering excellence and commitment to customer success, Tri-Tech 3D offers a comprehensive range of products and services designed to meet the needs of a variety of

# Press Release

different industries, including Automotive, Aerospace, Defence, Manufacturing, and much more.

Tri-Tech 3D provides a comprehensive service from advice on initial specification and supply of 3D printing hardware to on-site installation, staff training, and on-going product support. Founded in 2007, Tri-Tech 3D was acquired by the Stanford Marsh Group in January 2017. This resulted in doubling our 3D business with SMG3D and become part of a broader group offering CAD software solutions, CAD training, and wide-format printing.

## **About ADDiTEC:**

ADDiTEC is a leader in the field of additive manufacturing, providing innovative solutions that empower industries to achieve new levels of efficiency and performance. With a focus on quality and customer satisfaction, ADDiTEC continues to push the boundaries of what is possible in manufacturing.
