

DAYTON PROGRESS

Coatings

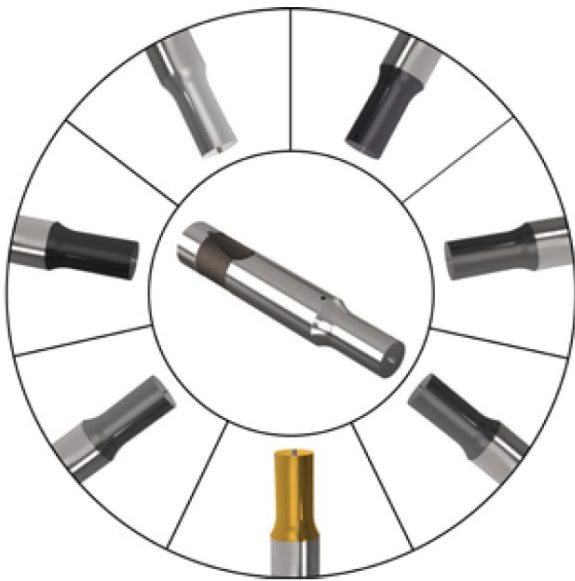

Surface Treatments and Coatings
for Improved Productivity

Extend the lifetime of your Punching process

Our coatings can help you to extend the lifetime of your punches.

In cooperation with our partner Oerlikon Balzers we offer you the whole range of BALINIT coatings.

We find the appropriate coating for every punching application

- In-house coating facility
- High Quality Coatings and short delivery time combined
- Increased Wear resistance
- Multiple surface treatments
- Extrusion Coatings

Call or Email us or contact your Dayton Progress regional Sales Engineer for further information.
