

LIFTING DEVICE FOR:

FALL

PROTECTION

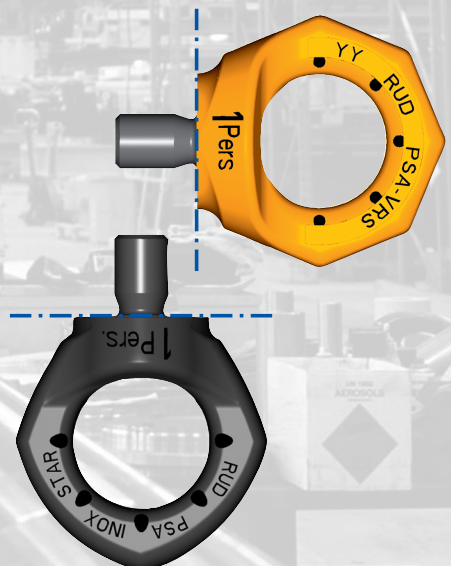

ANCHORAGE POINTS

The new RUD-Fall Protection Anchorage Points **PSA-VRS (STARPOINT)** and **PSA-INOX-STAR** have been developed especially for the use of personnel protection equipment (PSA).

To guarantee the high safety requirements for the use of personnel protection equipment, the RUD-Fall Protection Anchorage Points are certified by the German BG (Employers Liability Insurance Association).

The components are in accordance with the European Directive 89/686/EWG and marked with EN 795 and the CE mark as well as the safe working load limit (in persons - 1 Pers / 2 Pers).
