**DORMER PRAMET**

**Tuesday 6th to Wednesday 7th December 2016**  
**9.00am-5.00pm Lunch and refreshments provided**

# HUGE DISCOUNT ON EVERY EX DEMO MACHINE

## VM5i

Max 5 control, 19 inch touch-screen colour graphics. Dual USB, 2GB RAM, 80GB hard-drive, Ultimotion standard. Big machine performance in a tiny footprint. Introductory offer £29,950 + delivery.

## VMX42SRTi

Fantastic, innovative-design 5 axis machine. Greater capacity than a trunnion machine in a smaller footprint. Brand-new, ex demo machine Max 5 twin-screen control, 12,000RPM, 35KW power, 20 bar coolant through spindle, 100RPM torque motor-driven C axis. Available for as little as £157,950, plus delivery.

## VMX30Ui-40ATC

(Kirklees College demo centre)  
The perfect combination of 5 axis precision, power and capacity. Well-suited to the addition of automation systems, such as the Erowa compact robot. £10,000 discount from list price for this, or the 18,000RPM high speed version.

## TMM10i

Great for off-centre drilling of turned parts and simple milling operations. 3 inch bar capacity. 2 remaining ex-stock Max 4 controlled machines need to be cleared in time for the new Max 5 turning centre production, due to arrive in January. £16,000 off list price.

## TM12i

£20,000 off list price. Huge, powerful ex demo machine with Max 4 control for less than £70,000, including parts catcher, tool pre-setter, swarf conveyor, 12" hydraulic chuck, drag and drop programmable tailstock.

## VM10Ui

Compact, entry-level 5 axis machining. 200mm diameter, 150Kg component weight, CAT/BT40, 10,000RPM spindle, Ultimotion software ensures that 5 axis components are completed quickly and smoothly with outstanding surface finish.

## VMX24HSi

Last remaining Max 4 machining centre. High specification, high performance machine at a very low price. 18,000RPM, HSK63A spindle, 30 station ATC, 45m/minute rapids, direct drives all axes. Only £59,950 plus delivery.

## Roeders RXP500DS

With RCE pallet automation. High-speed, high precision 5 axis machine, 60Kg workpiece capacity, in operation since 2014, little used, low hours, fully operational. £280,000, available immediately.

## NEW TM8i or TM6i

Just arrived with the Max 5 control. Compact, powerful 2 axis CNC lathes. Simple conversational programming for one-offs and small batches. Delivery and installation free of charge if ordered before 31st December 2016.

## VMX42Ti

1 metre X travel, high-torque 12,000RPM spindle. Peace of mind rental option through FFI, 36 months at £2,124. Option to return the machine after 18 months if plans change.

## WITH THESE PRICES, CHRISTMAS MUST HAVE COME EARLY

**Gigantic discounts on all ex demo machines**

**9 machines under power and cutting metal**

**Supplier village including 18 trusted, high quality brands**

**Special offers for remaining stock machines with Max 4 controls**

**PRE-BOOK** by faxing back your details below:
