

4.0: The Quality Revolution

INTEGRATE, AUTOMATE, CONNECT, COMPLY

FREE Event - Tickets Available: 8th, 9th or 10th October 2019

The Sempre Group invites you to our '4.0: The Quality Revolution' event

With 3 dates available, this event will give you ideas and insight into the latest in automating and linking processes in the Quality department, as well as new technology in Metrology.

Keynote speaker and presentations from the world of Metrology.

The latest in metrology technology in action, quick and easy methods to improve your quality processes, with live demonstrations throughout each day. **Each event day runs 9am-4pm.**

1.0 Integrate

Learn how to bring together your inspection technologies into a single unified process.

2.0 Automate

Discover how you can use your programmable systems, with robotics, to make your processes less laborious, more efficient and traceable.

3.0 Connect

See how you can easily create a factory-wide, data collection network for all your inspection needs.

4.0 Comply

Witness how you can meet your compliance obligations in seconds. With automatically generated reports; FAIRs, ISIRs or PPAPs and compliance to standards including AS9100, ISO17025, ISO9000, 21CFR.

Location: The Sempre Group, Barnwood, Gloucester. GL4 3RT
