

Cutting edge

Flatbed blade solutions

Quickgrind has been at the forefront of solid carbide tool design and manufacture for more than fifty years. Always at the cutting edge of innovation, our Infinite Possibilities® programme sets new standards to deliver the optimum tooling for your project.

Did you know that Quickgrind also manufactures the highest quality carbide blades for flatbed cutting machines?

Our Sovereign Blades are made to your requirements, for carbon fibre preregs, vinyls and laminates to paper, cardboard, rubber, foam, leather and other technical materials, all designed and manufactured in our state-of-the-art plant in the UK.

We can even provide you with an intelligent tool vending system to give you 24/7 control of your blade usage and costs.

Get in touch today to find out how we can support your business with our blade, round shank solid carbide and tool vending solutions.

Call 0044 (0) 1684 294090 or email blades@quickgrind.com
