Company profile

Innovative achievements have made RINGSPANN a leading manufacturer for Power Transmission Components, Clamping Fixtures and Remote Control Systems. Many well-known companies from the machine building, the material handling, the energy as well as the aerospace industries successfully work with RINGSPANN. With more than 70 years' experience in development, design and manufacturing, we are experts in intelligent technical solutions.

From our headquarters in Bad Homburg, Germany, 450 employees in 13 international companies provide personal service onsite and ensure speedy and reliable delivery. Manufacturing plants in the most important regions of the world make flexible and customer-orientated production possible.

Customer service is close to our heart; we want you to continue to choose RINGSPANN.

Low Surface-roughness

- Exact machining and surface treatment ensure that our products have a surface roughness $Ra \leq 0,8 \mu m$.

Material selection

- During the selection we emphasise on corrosion resistant stainless steel and understand its machining properties.
- During the selection of lubricants and sealings we can rely on food-graded products.

Cleanability

- Avoiding hidden edges, dead ends and high surface-roughness's, ensures that our products are easy and fast to clean.

EHDG & 3-A Standards

- The certification of the series FBF entitles not only the guidelines and directives of the European Hygienic Engineering and Design Group and 3-A Standards but also takes into account the Food and Drug Administration directives.
- Our design ensures machine connectivity to the highest hygienic standards.

RINGSPANN

- We understand your requirements.
